

CAPABILITY STATEMENT

COMPANY OVERVIEW

Technology Consulting, Inc. (TCI) was formed in 1988 to provide information technology staffing services to a variety of clients. In the years that have followed, a strong growth pattern has evolved, based largely on the professional quality of services and the results that our clients have received. TCI concentrates on IT staffing and project delivery solutions across all technology platforms. Our commitment to quality and customer satisfaction fueled our growth to approximately 150 employees. TCI is currently organized as a privately held corporation (S-Corporation) with headquarters in Louisville, Kentucky with annual revenue of \$16,000,000. TCI is registered with the Federal Government through Systems for Award Management (SAM) and our Cage Code is 3HE20. TCI holds the Small Business designation in SAM and holds a Top-Secret Facility Clearance.

CORE COMPETENCIES

TCI provides IT staffing resources in the public sector to Federal, State, and Local government. For the Department of Defense, TCI provides IT staffing as a **subcontractor** to prime contractor companies such as Peraton, Leidos, L3 Harris Corporation, Veteran Information Technology, SAIC, and General Dynamics. TCI provides IT Staffing Services on a **Temporary, Temporary-to-Permanent, and Direct Hire basis**.

TCI has the proven ability to deliver **IT Staffing Services** in a number of areas, including:

- Project Managers
- AI/Machine Learning Engineers
- Business Analysts
- Systems Analysts
- Database Administrators
- Programmer/Analysts
- Cloud Computing Engineers
- Cybersecurity Specialists
- Documentation Specialists
- Systems Administrators
- Network Administrators
- Network Engineers
- Video Conferencing Engineers
- Help Desk Support Specialists
